# Band Mate Plus

The one-stop band management system

- Designed for band leaders by a band leader
- Made to speed up administrative tasks
- Frees up more time to make music instead

### Highlights:

- Tracks venues, gigs, musicians, finances, tunes, setlists, and more all in one place
- Flexible scheduler that will email your musicians and subs for you and report back on their availability for gigs
- Powerful setlist builder that uses past gigs and your preferences to either suggest or automatically create setlists
- No installation needed - runs in your browser (computer, tablet, or smartphone)
- Affordable, free trial month, pay for the features you use

### Interested?

Band Mate Plus is currently in development and is expected to be released in Summer of 2019.

Until then, we could use your help: Please visit our fundraiser page. Check out for yourself how this system can benefit you and spread the word!
